

Welcome to Sanford's Restaurant

where simple, but sophisticated food and wines are served in a relaxed, casual and elegant atmosphere.

Here at Sanford's we believe that ordering a bottle of wine to enjoy with your meal shouldn't be expensive.

For this reason, all of our wines are moderately priced above cost while some other restaurants charge three times their cost for the same wine. Our wines are meant to be drunk by all and to inspire your palates while complementing our dishes.

Our wine program allows you to select from over 25 wines by the glass and over 350 by the bottle with an in house inventory of around 4800 bottles.

We emphasize "good value" wines of exceptional quality and character, our list is a work in progress...

this year I personally selected and added a few new indigenous varietals.

I have expanded selections from Burgundy and Bordeaux as well as created a Collectors Corner category.

Selections to tantalize your palate are from France, Spain, Italy, New Zealand, Australia, Alsace, Chile, Argentina and USA.

We also offer a varied selection of half bottles for pairing wines with individual courses. Many times wines tend to ape each other, here at Sanford's all of our wines have been chosen for their quality and unique personality that is expressed by each varietal.

Sanford's treats wine with the utmost care and dignity, we store our wine collection in a temperature controlled glass display cellar stored on a metal rack system.

All open bottles of wine are preserved with the Le Verre de Vin System.

This system creates a precisely controlled vacuum within the bottle.

Control of the vacuum level is essential to ensure that the wine is stored without damaging the subtle structure of the wines flavor.

We are constantly updating our inventory and list as seasons, vintages and preferences evolve.

We proudly display all our wines in Stolze lead-free crystalline glassware, one of Germany's largest stemware producers.
